

Galaxy® User Interfaces

Take total control over your security system.
Smart intruder alarm keypads and App that
make staying in touch easy.

A common Galaxy range. A solution for every need.

No matter the installation type, the Honeywell Galaxy range of keypads, keyproxes and App is versatile enough to meet all your needs - providing comfort and product familiarity for both installers and end users, at work, home or on the go.

Control at your fingertips.

Galaxy TouchCenter Plus provides clear and simple management of Galaxy intruder alarm systems, with its intuitive touchscreen displaying clear icons and menu driven prompts. With optional proximity operation, training needs and operational errors are reduced.

With built-in Cam live view that allows you to view live video on demand, you can keep a close eye on activity in or outside of your premises. And you can control more than just security via the building control feature so that operating systems such as lighting, air-conditioning, and heating becomes easy.

Clear system overview

Reach out and benefit from Honeywell touchscreen technology.

- Enhanced touchscreen operations
- Live camera view built-in
- System status overview
- Enriched home screen graphics
- Optional proximity operation for easier system management and fewer false alarms
- MP4 video & audio player with advertisement /photo frame option
- Output control enabling automation of building & home electrical systems
- Easy administration of user codes and tags
- Event log display
- Advanced zone settings (status/edit/view list, etc)
- Console mode (full MK7 & MK8) emulation enables fast programming.
- Future-proof via continuous firmware updates by SD Card.

Simple and intuitive

GX Remote Control mobile app allows users to access their Galaxy® Dimension and Galaxy® Flex systems remotely, anytime, anywhere. Free to download and use, it provides one App for all your security and home/business automation systems.

- Fast and simple to use
- Manage security for multiple sites and effortlessly switch between premises
- Easy to operate interface, with built-in help guide
- Set up user specific groups and switch between them with a single tap

Tried and Trusted

For traditional Galaxy control panel operation, the MK7 and MK8 keypads and keyproxes provide tried and trusted functionality for any security installation.

- Contemporary MK8 design to complement the most modern décor
- Familiarity of the widely used MK7 keypad and keyproxes
- Compatible across the Galaxy control panel range

DESCRIPTION	MK7 KEYPAD (KEYPROX)	MK8 KEYPAD (KEYPROX)	TOUCHCENTER PLUS (OPTIONAL KEYPROX)
